

# COOKING CLASSES FOR KIDS!

Instructor-Sandy Caouette

Our mission is to provide a program that goes beyond the classroom, one that will teach the children the art of cooking, hospitality, and etiquette. Children will develop a relationship with food by developing their intelligence of taste, smell, sound, sight, and touch. As a result, the children will leave with a love of cooking, better manners, and a desire to help at home. As always, each interactive class will end with everyone indulging!

This is a 3 week program for grades K to 3.

No refunds given after the first class.

Thursdays from 3pm-4:00pm \$115.00 per student (inclusive of supply fee)
